PERFORMANCE DESCRIPTION:

Tonight went well. Henry and Betty's jokes played particularly well.

We ran into a few issues with the Milwaukee Film Festival. Box Office was not able to use their usual set up as the film festival was using some of the ethernet/phone ports. Box Office ended up using tear tickets instead of printing scannable ones. We ended up holding house for 10 minutes for everyone to catch up, but still started on time.

Notes:

Temperature was much better tonight. Thank you!
